### Trip Overview

Spend a day exploring the historically significant and visually delightful attractions located only a short drive from Split. Your private chauffeur and experienced local guide will pick you up from the hotel and together your first stop will be to visit the ancient Roman ruins of Salona, which was once one of the five biggest towns in the entire Roman empire. The grandeur that was once Salona is perhaps best felt wandering the ruins of the large amphitheater that used to be home to lions and gladiators.

Continue with your local experts uphill to the village of Klis and its imposing medieval fortress, perched high above Split with breathtaking panoramic views of the bustling city life below. Klis fortress earned its valor serving as the seat of Croatian Kings and as a defense of Split against attacks from the Ottoman invasion but its most recent international fame is due to being featured as the city of Meereem in the hit television series 'Game of Thrones'. Conclude your journey of exploring ancient jewels surrounding Split with the architectural and artistic delight that is the 2300-year-old walled island town of Trogir. As you stroll along the narrow streets of this UNESCO world heritage site, you can't help but admire the many influences left by the Greeks, Romans, Venetians and Austrians over the centuries.
