### Trip Overview

Meet your private chauffeur in the morning and spend a day exploring the wondrous natural allure of Plitvice Lakes National Park. One of the most popular attractions in Croatia, the Plitvice Lakes National Park deserves to be recognized world-wide for its beauty and intact nature. Protected under UNESCO as a World Heritage Site since 1979, the park is home to sixteen cascading lakes intertwined by natural travertine dams and flowing, bountiful waterfalls. Surrounded by mountain streams and deep forest, the delicate and incredibly beautiful ecosystem of Plitvice is always changing. As the seasons change, so do the sights and colors exhibited in the park.

Enjoy an electric train ride around the Upper Lakes and a light hike through the park along the wooden walkways where your professional local guide will bring to life the history and nature of the Plitvice Lakes including some myths and legends connected to this area. Average tour length is approximately four hours and includes hiking along both upper and lower lakes, public park train & electric boat ride over the big lake. However, we can tailor a personalized tour of Plitvice to your preferences so please contact us to discuss options.

A tour of Plitvice Lakes also makes for an excellent stop along a private transfer from Zagreb to the Dalmatian Coast or Istria and vice versa.
